Glendale, California -- December 14, 2001

INFORMATION DISCLOSURE STATEMENT

Honorable Commissioner of
Patents and Trademarks
Washington, D.C. 20231

Dear Sir:

Enclosed herewith in accordance with 37 C.F.R. Section 1.97 and Section 1.99 are copies of the U.S. Patents listed in the attached list of prior art cited by applicant. It is felt that these prior art patents are material to examination of the above-identified application. It is therefore requested that these references be considered in examination of the application.

Patent No. 3,936,186 issued to Boland et al and Patent No. 5,688,647 issued to Zimlich, Jr. et al. The Patent to Meyer et al, No. 5,670,786 describes a transilluminator having two sets of tubes selectively providing light in the ultraviolet and visible ranges.

While the prior art identified in the foregoing paragraph is believed pertinent to the examination of the present application, the novel design of the device of the present invention is believed different from and distinguishable over the prior art disclosed herein.

Respectfully submitted,

JAMES E. BRUNTON
